### School Facilities (2008-09)

#### Summary of the Most Recent Site Inspection:

The district takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the district uses a facility survey instrument developed by the State of California Office of Public School Construction. The results of this survey are available at the school office or at the district office.

On July 22, 2008 a site visit was conducted at Fruitvale Elementary School. Based on the field observations the following was found:

#### Repairs Needed:

- Boy's restroom first stall door does not latch; one girl's restroom stall does not lock; one classroom adjust entry door closer.
- Several rooms have damaged/ceiling tiles; one classroom interior door does not close; eight classrooms stained carpet; one classroom tares in the wallpaper; one classroom carpet wrinkled; one classroom carpet unraveling.
- Two classrooms fixtures inoperable.
- Seven classrooms new roofs in summer of 2008; one classroom possible roof leak.
- One boy's restroom strong urine smell.

#### Corrective Actions Planned or Taken:

The district has taken the appropriate action to repair all deficiencies.

### School Finances (Fiscal Year 2006-07)

This table displays a comparison of the school's per pupil expenditures from unrestricted (basic) sources with other schools in the district and throughout the state.

Level	Expenditures Per Pupil (unrestricted sources only)
School Site	\$4,170
District	\$5,080
State	\$5,300

### Student Performance:

#### California Standards Tests (CST)

The California Standards Tests (CST) show how well students are doing in relation to the state content standards. The CSTs include English-language arts and mathematics in grades 2 through 11; science in grades 5, 8, and 9 through 11; and history-social science in grades 8 and 10 through 11. Student scores are reported as performance levels. Detailed information regarding CST results for each grade and proficiency level, including the percent of students not tested, can be found at the Standardized Testing and Reporting (STAR) Results Web site at <http://star.cde.ca.gov>.

Subject	Percent of Students Proficient and Above on California Standards Tests
English-Language Arts	49
Mathematics	62
Science	53

*Note: Scores are not shown when the number of students tested is 10 or less, either because the number of students in this category is too small for statistical accuracy, or to protect student privacy. In no case shall any group score be reported that would deliberately or inadvertently make public the score or performance of any individual student.*

### Academic Progress:

#### Academic Performance Index

The Academic Performance Index (API) is an annual measure of the academic performance and progress of schools in California. API scores range from 200 to 1,000, with a statewide target of 800. Detailed information about the API can be found at the API Web site at <http://www.cde.ca.gov/ta/ac/ap/>.

Indicator	Result
2008 API Growth Scores (from 2008 API Growth Report)	810
Statewide Rank (from 2007 API Base Report)	6
2008-09 Program Improvement Status	Not in PI
