School Mission Statement

All students at Jacob Wiens Elementary School will achieve their individual objectives and be self-motivated learners. Students will become socially responsible and develop positive character values.

All students who have attended Jacob Wiens Elementary School for one full year will demonstrate mastery of the skills required by the Hemet Unified School District with at least 80% proficiency and will surpass our state API goal.

At Jacob Wiens Elementary School we will NOT accept failure! Teachers will serve as advocates for ALL students by utilizing all available resources, providing exemplary role models, implementing innovative strategies that promote learning as well as maintaining high academic and behavioral expectations.

School Vision Statement

EDUCATE EMPOWER EXCITE

School Profile

Jacob Wiens is a Title-I School. Title I funds help to provide intervention programs for students who are not meeting their grade level standards. Title I funds have also been used to provide after-school intervention programs in reading, writing, math and English language development. The school has a P.T.A. to support the school's programs and students. A GATE Enrichment Program is offered to students who have been designated as "Gifted and Talented". An English Language Advisory Committee (ELAC) is a parental organization we have in place to provide a forum for the parents of English Language Learning students to voice their opinions and concerns regarding the educational needs of their children. During the school year a Latino Literacy Program is offered for Spanish speaking parents to learn English as well as become acclimated to the school's environment. The school's staff has also been trained in using GLAD teaching strategies that are designed to assist non English speaking students and struggling students.

Our faculty is committed to teamwork, teaching to the standards, working with parents as well as the local community. They aggressively pursue new educational methodologies to enhance their teaching expertise. All staff members are fully credentialed teachers. Through the school's staff and its patrons Jacob Wiens Elementary School strives to maintain a positive learning environment in which the successful efforts of its students are both cherished and celebrated.

Opportunities for Parent Involvement

The site addresses the six areas of parent involvement through their comprehensive school plan. For more information contact the Principal, Sharon Bowman at (951) 929-3734.

District Profile

Hemet Unified School District encompasses one incorporated city and numerous unincorporated communities within its 700+ topographically diverse square miles. We have 29 elementary and secondary schools with an enrollment of over 23,000 students. Agriculture still provides an important economic influence, as do other light and service industries. The rural flavor of the community still survives despite the rapid growth which has taken place in the area.

Hemet Unified School District's Core Values

1. Provide a data-driven, standards-based academic program in which students and staff can succeed.
2. All students will improve their achievement in each subject each year.
3. Recruit, train, retain the very best staff for HUSD.
4. Effective initial instruction is the most powerful tool for achievement.
5. Provide viable alternative pathways for student success.
6. Nutritional and physical well-being supports academic achievement.
7. Non-academic endeavors and activities are necessary to provide a balanced educational experience.
8. The quality of our published works and the state of our facilities reflects how we view ourselves.
9. HUSD is responsible to respond positively and proactively to changes in our community.

Enrollment by Student Group	
2008-09 Enrollment: 674

Professional Development

The school district provides all staff members with opportunities for professional growth and training in a variety of programs so that all teachers and paraprofessionals may become highly qualified under the No Child Left Behind law. The focus is on the delivery of a standards-based instructional program. District professional development priorities are outlined in the current LEA addendum as Curriculum Specific Trainings in Language Arts and Mathematics, Administrator Training Program, English Now, BTSA Induction Support for year one and year two teachers, and specific Special Education trainings. Peer Assistance Review (PAR) is available to veteran teachers who need unique structure and support. Achievement data is used to determine site support and priorities in professional development. Moreover, three BTSA induction support providers, seven instructional coaches in language arts and mathematics, and five Reading First coaches provide ongoing support in day to day professional development needs for all instructional personnel. The District revised the Technology Plan in 2006 to include opportunities for staff to increase skills in technology application and instruction.

Professional Development (continued)

Categorical funds at the district and site level are designated for a Director of Professional Development, a secretary and an eight-hour clerk to coordinate district professional development. The District has a professional development At a Glance calendar on the website for the 2009-2010 school year.

Curriculum development at Jacob Wiens continues to emphasize reading (literature based and phonics supported), language arts, mathematics, student learning styles, multiple intelligences authentic assessment measures, thematic teaching, cooperative learning, parent involvement, and specific instructional strategies.

School Site Safety Plan

SB187 Safety Plan

Date the plan was last updated: October 2009

Date the plan was last reviewed with staff: October 2009

The Comprehensive Safe School Plan includes data regarding school crime, safe school procedures and compliance with laws including: (1) child abuse reporting, (2) disaster response, (3) suspension and expulsion policies, (4) notification of teachers of dangerous pupils, (5) sexual harassment, (6) schoolwide dress codes prohibiting gang-related apparel, (7) procedures for safe ingress and egress from school, (8) procedures to ensure a safe and orderly environment conducive to learning, and (9) rules and procedures on school discipline adopted pursuant to Ed Code Sections 35291 and 35291.5. A copy of the plan is available for inspection by the public at each school.

There is a functioning Safety Committee that continually monitors the school's safety plan and preparedness. The campus is completely enclosed with fencing and there is a security guard that monitors the campus during evening hours to ensure the safety of the school's patrons and staff. In conjunction with the guard we utilize a "dark campus" as a means of reducing vandalism and other illegal activities during the times school is not in session. Jacob Wiens' students are well supervised by teachers, supervision aides, our assistant principal, and the principal upon their arrival at school and throughout the school day. School Administration assists with traffic control during the arrival and departure times of the school day.

Monthly fire and/or disaster drills are held to ensure that students and staff are prepared should there be a disaster during the school day.

Facilities Maintenance

Jacob Wiens Elementary School provides a safe, clean environment for learning. Our site has large administrative offices, a library, a multipurpose room, and a disaster shed containing disaster supplies along with a large playground and playing field. Every classroom has adequate space and all the materials needed to ensure student success.

All of the Jacob Wiens' classrooms have a minimum of one computer per room that is connected to the Internet. There are also banks of computers along both sides of the each of the three major classroom wings of the classrooms. These computers assist teachers in ensuring that our students are computer literate as well as facilitate the implementation of the Accelerated Reader Program and Success Maker.

There are also several computer terminals in the library for use with our computerized card catalog, student book check out, as well as providing further terminals for our Accelerated Reader Program.

The district takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the district uses a facility survey instrument developed by the State of California Office of Public School Construction. The results of this survey are available at the school office or at the district office.

On 12/23/09 a site visit was conducted at Jacob Wiens Elementary School. Based on the filed observations the following was found:

Curriculum and Instructional Materials

A District committee considers textbooks for recommendation on a cycle established by the State Board of Education and from a State adopted list. The committee meets to discuss current issues relevant to the subject matter, including student success, previously used textbooks, and instructional methods. The committee reviews demonstration copies of proposed textbooks, as well as listen to representatives describe the various highlights of the available materials. The review is followed by a pilot of materials that results in consensus by the committee of a recommended textbook. The textbook is forwarded to a K-12 Curriculum Council, which consists of teachers, parents, and community stakeholders, for review and approval. If the textbook is approved by the K-12 Curriculum Council, the textbook is forwarded to the Superintendent and the Governing Board for their review and approval. Each pupil in the district, kindergarten through grade twelve, is provided with standards-aligned textbooks or basic instructional materials that are consistent with the content and cycles of the curriculum framework adopted by the State Board.

In accordance with Education Code Section 60422(a) and 60119, the Governing Board certified on 10/6/09 that each pupil in the district, in kindergarten through grade twelve, has been provided with standards-aligned textbooks or basic instructional materials in each of the areas listed below (0% lack textbooks and/or instructional materials in any of the listed areas). The chart below outlines the textbooks adopted and used by Hemet Unified School District.

DataQuest and Access to Data

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g. Academic Performance Index [API], Adequate Yearly Progress [AYP], test data, enrollment, graduates, dropouts, course enrollments, staffing, and data regarding English learners). Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

California Standards Tests (CST)

The California Standards Tests (CSTs) show how well students are doing in relation to the state content standards. The CSTs include English-language arts and mathematics in grades 2 through 11; science in grades 5, 8, 9, 10, and 11; and history-social science in grades 8, 9, 10, and 11. Student scores are reported as performance levels. Detailed information regarding CST results for each grade and performance level, including the percent of students not tested, can be found at the CDE Web site at <http://star.cde.ca.gov>. Note: Scores are not shown when the number of students tested is 10 or less, either because the number of students in this category is too small for statistical accuracy, or to protect student privacy.

National Assessment of Educational Progress

The National Assessment of Educational Progress (NAEP) is a nationally representative assessment of what America's students know and can do in various subject areas. Assessments are conducted periodically in mathematics, reading, science, writing, the arts, civics, economics, geography, and U.S. history. Student scores for reading and mathematics are reported as performance levels (i.e., basic, proficient, and advanced) and the participation of students with disabilities and English language learners is reported based on three levels (identified, excluded, and assessed). Detailed information regarding the NAEP results for each grade, performance level, and participation rate can be found on the [National Assessment of Educational Progress](#) Web page (Outside Source). Information on the differences between NAEP and CST can be found on the CDE [National Assessment of Educational Progress \(NAEP\)](#) Web page.

Adequate Yearly Progress (AYP)

The federal NCLB Act requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria: 1) Participation rate on the state's standards-based assessments in English-language arts (ELA) and mathematics, 2) Percent proficient on the state's standards-based assessments in ELA and mathematics, 3) API as an additional indicator and 4) Graduation rate (for secondary schools).

AYP Overall and by Criteria

This table displays an indication of whether the school and the district made AYP overall and whether the school and the district met each of the AYP criteria.

AYP Criteria

Federal Intervention Program

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (English-language arts or mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. Detailed information about PI identification can be found at the CDE Web site at <http://www.cde.ca.gov/ta/ac/ay/>.
