Principal's Message

Welcome to McSweeney Elementary School where it is our primary purpose to see that every child succeeds. I am extremely proud to be the Principal of McSweeney Elementary School where students enjoy learning, parents are making a difference, and the school staff strives to ensure all students are given the opportunity to meet academic proficiency. We invite you to visit our school so you can experience first hand the commitment we have to our students.

Our highly trained staff provides learning opportunities that ensure all students reach academic proficiency levels and strive towards their individual potential. Students are active participants in the learning process and work closely with staff in setting these goals. The integration of technology and the arts compliments the core curriculum as well as weekly offerings of choral music, band, and physical education.

The parents and families of McSweeney Elementary School are integral to the success of our students! Their devoted commitment and support is reflected in the hours they spend volunteering their time and participation in advisory councils, committees, and school events. The attendance at our school functions speaks volumes about the level of dedication each parent has for their child. All of this combined promotes and creates an unparalleled learning experience for our students.

About This School

We opened our doors in August 2003, serving one of the largest geographic attendance areas in the district. Our school boundaries extend from rural to densely populated city areas. It is here where one can experience high expectations for academic achievement, responsible citizenship, and a wonderful sense of community with an emphasis on mutual respect and observance of personal rights balanced with responsibility.

The McSweeney staff maintains high professional standards, working collaboratively towards academic success, participating in valuable workshops/trainings, and implementing instructional and program practices proven to promote student achievement. All aspects of McSweeney School promote student learning and serve to enhance their understanding of the world.

Students at McSweeney School come from a variety of backgrounds, which represent cultural diversity and socioeconomic population.

District Profile

Hemet Unified School District encompasses one incorporated city and numerous unincorporated communities within its 700+ topographically diverse square miles. We have 29 elementary and secondary schools with an enrollment of over 23,000 students. Agriculture still provides an important economic influence, as do other light and service industries. The rural flavor of the community still survives despite the rapid growth which has taken place in the area.

Hemet Unified School District's Core Values

1. Provide a data-driven, standards-based academic program in which students and staff can succeed.
2. All students will improve their achievement in each subject each year.
3. Recruit, train, retain the very best staff for HUSD.
4. Effective initial instruction is the most powerful tool for achievement.
5. Provide viable alternative pathways for student success.
6. Nutritional and physical well-being supports academic achievement.
7. Non-academic endeavors and activities are necessary to provide a balanced educational experience.
8. The quality of our published works and the state of our facilities reflects how we view ourselves.
9. HUSD is responsible to respond positively and proactively to changes in our community.

Professional Development

The school district provides all staff members with opportunities for professional growth and training in a variety of programs so that all teachers and paraprofessionals may become highly qualified under the No Child Left Behind law. The focus is on the delivery of a standards-based instructional program. District professional development priorities are outlined in the current LEA addendum as Curriculum Specific Trainings in Language Arts and Mathematics, Administrator Training Program, English Now, BTSA Induction Support for year one and year two teachers, and specific Special Education trainings. Peer Assistance Review (PAR) is available to veteran teachers who need unique structure and support. Achievement data is used to determine site support and priorities in professional development. Moreover, three BTSA induction support providers, seven instructional coaches in language arts and mathematics, and five Reading First coaches provide ongoing support in day to day professional development needs for all instructional personnel. The District revised the Technology Plan in 2006 to include opportunities for staff to increase skills in technology application and instruction.

Professional Development (continued)

Categorical funds at the district and site level are designated for a Director of Professional Development, a secretary and an eight-hour clerk to coordinate district professional development. The District has a professional development At a Glance calendar on the website for the 2009-2010 school year.

School Site Safety Plan

SB187 Safety Plan

Date the plan was last updated: 2008-09

Date the plan was last reviewed with staff: 2008-09

The Comprehensive Safe School Plan includes data regarding school crime, safe school procedures and compliance with laws including: (1) child abuse reporting, (2) disaster response, (3) suspension and expulsion policies, (4) notification of teachers of dangerous pupils, (5) sexual harassment, (6) schoolwide dress codes prohibiting gang-related apparel, (7) procedures for safe ingress and egress from school, (8) procedures to ensure a safe and orderly environment conducive to learning, and (9) rules and procedures on school discipline adopted pursuant to Ed Code Sections 35291 and 35291.5. A copy of the plan is available for inspection by the public at each school.

Student safety is provided through the assignment of teachers and paid supervisors during all recess and lunch periods, as well as, before and after school. A crossing guard is on duty to assist students and parents before and after school. All visitors and volunteers are required to sign in at the office, state their business at the school, and show picture identification. They are provided with a visitor tag to wear while on school grounds.

Disaster preparedness drills are conducted monthly, and the staff is trained in emergency procedures, including evacuation routes and safety checks.

Facilities Maintenance

McSweeney Elementary School opened in the fall of 2003 and provides a safe, clean environment for learning. Students and staff take pride in the beauty and cleanliness of the school. The design of the school creates a home-like feeling as the majority of classrooms are contained under one roof, with a large, open library situated in the heart of the school. Twenty-five classrooms, school office and health office, multipurpose room with a state of the art sound system surrounding an open-air courtyard used for celebrations and events. Eight relocatable classrooms and restrooms were added to our campus in 2004 to accommodate enrollment growth. Every classroom has adequate space and all the materials needed to ensure student success. In 2007 we welcomed a Head Start Pre-School Program. We currently have 34 students in this program.

This table displays the results of the most recently completed school site inspection to determine the school facility's good repair status.

Curriculum and Instructional Materials

A District committee considers textbooks for recommendation on a cycle established by the State Board of Education and from a State adopted list. The committee meets to discuss current issues relevant to the subject matter, including student success, previously used textbooks, and instructional methods. The committee reviews demonstration copies of proposed textbooks, as well as listen to representatives describe the various highlights of the available materials. The review is followed by a pilot of materials that results in consensus by the committee of a recommended textbook. The textbook is forwarded to a K-12 Curriculum Council, which consists of teachers, parents, and community stakeholders, for review and approval. If the textbook is approved by the K-12 Curriculum Council, the textbook is forwarded to the Superintendent and the Governing Board for their review and approval. Each pupil in the district, kindergarten through grade twelve, is provided with standards-aligned textbooks or basic instructional materials that are consistent with the content and cycles of the curriculum framework adopted by the State Board.

In accordance with Education Code Section 60422(a) and 60119, the Governing Board certified on 10/6/09 that each pupil in the district, in kindergarten through grade twelve, has been provided with standards-aligned textbooks or basic instructional materials in each of the areas listed below (0% lack textbooks and/or instructional materials in any of the listed areas). The chart below outlines the textbooks adopted and used by Hemet Unified School District.

Opportunities for Parent Involvement

Parents and community members are encouraged to share ideas for program development through an annual survey and participation in numerous committees and councils:

- School Site Council (SSC)
- English Language Advisory Council (site/ELAC) (district/DELAC)
- Curriculum Council
- Student Success Team (SST)
- Academic Probation/Retention Meetings
- Parent-Teacher Student conferences
- Parent-Teacher Association (PTA)/Parent Volunteer Program
- Gifted and Talented Parent Advisory
- Title One Parent Involvements Meetings
- Family Reading Nights/Family Math Nights
- District Advisory Council (DAC)
- Leadership Team
- Individual Education Plan (IEP)
- Special Education Parent Advisory

Parents are also provided with an annual Parent/School compact outlining everyone's responsibilities towards student achievement and social expectations. A McSweeney Handbook is provided to each student and family detailing all programs, rules, and procedures.

McSweeney is fortunate to have tremendous community support, consisting of individual reading tutors, business/organization sponsors and numerous parent volunteers. Motivational awards, volunteer tutoring, library books, band instruments, and field trip opportunities and assemblies are provided through our community supporters. Their offerings have made a difference and allowed us to grow together as a school and community.

The site addresses all areas of parent involvement through their Single Plan for Student Achievement. For more information, contact the site Principal, Daryl Wallace at (951) 925-4366

California Physical Fitness Test Results

Every year, the California Physical Fitness Test is administered to students in grades 5, 7, and 9 only. This table displays by grade level the percent of students scoring in the healthy fitness zone on four out of five, five out of five and all six fitness standards for the most recent testing period.

DataQuest and Access to Data

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g. Academic Performance Index [API], Adequate Yearly Progress [AYP], test data, enrollment, graduates, dropouts, course enrollments, staffing, and data regarding English learners). Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

California Standards Tests (CST)

The California Standards Tests (CSTs) show how well students are doing in relation to the state content standards. The CSTs include English-language arts and mathematics in grades 2 through 11; science in grades 5, 8, 9, 10, and 11; and history-social science in grades 8, 9, 10, and 11. Student scores are reported as performance levels. Detailed information regarding CST results for each grade and performance level, including the percent of students not tested, can be found at the CDE Web site at <http://star.cde.ca.gov>. Note: Scores are not shown when the number of students tested is 10 or less, either because the number of students in this category is too small for statistical accuracy, or to protect student privacy.

National Assessment of Educational Progress

The National Assessment of Educational Progress (NAEP) is a nationally representative assessment of what America's students know and can do in various subject areas. Assessments are conducted periodically in mathematics, reading, science, writing, the arts, civics, economics, geography, and U.S. history. Student scores for reading and mathematics are reported as performance levels (i.e., basic, proficient, and advanced) and the participation of students with disabilities and English language learners is reported based on three levels (identified, excluded, and assessed). Detailed information regarding the NAEP results for each grade, performance level, and participation rate can be found on the [National Assessment of Educational Progress](#) Web page (Outside Source). Information on the differences between NAEP and CST can be found on the CDE [National Assessment of Educational Progress \(NAEP\)](#) Web page.

Adequate Yearly Progress (AYP)

The federal NCLB Act requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria: 1) Participation rate on the state's standards-based assessments in English-language arts (ELA) and mathematics, 2) Percent proficient on the state's standards-based assessments in ELA and mathematics, 3) API as an additional indicator and 4) Graduation rate (for secondary schools).

AYP Overall and by Criteria

This table displays an indication of whether the school and the district made AYP overall and whether the school and the district met each of the AYP criteria.

Federal Intervention Program

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (English-language arts or mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. Detailed information about PI identification can be found at the CDE Web site at <http://www.cde.ca.gov/ta/ac/ay/>.
