

MILEAGE

Mileage Pay: If you are assigned to substitute teach at a school in one of the outlying areas of our district, i.e., Cottonwood, Idyllwild, and/or Hamilton, and *you do not live in the attendance area in which you are assigned, you are entitled to receive mileage pay*. This is due to the greater distance that is generally involved as well as having fewer substitute teachers available in these areas. Mileage pay *is not* received when you substitute in any Hemet Valley schools including Winchester school.

Note: If you are willing to substitute teach at Cottonwood, Idyllwild, or Hamilton Schools, mileage will be reimbursed from the HUSD office to that site and back to the HUSD office, regardless of whether you live within or outside the boundaries of the Hemet - San Jacinto Valley or Hemet USD boundaries. In addition, if you are given an assignment where you are required to travel from one school site to another during the same day, you will also be entitled to receive pay for your mileage between sites.
