

## Girls Basketball Mission Statement

### Goals for Girls Basketball 2009-2010

**Academic Improvement** of student athletes (keeping and maintaining academic eligibility throughout the season and beyond).

Players will be expected to work hard in the classroom and show respect for the learning environment at all times. Each player will turn in a grade/behavior checks to their coach to ensure that they are performing at their best. We take pride in being **student-athletes!**

A team GPA average will be established and each team will improve upon it.

**Representing West Valley with Integrity:** Players will display qualities of honesty, truthfulness, and good sportsmanship to represent WVHS in all areas of conduct on and off the athletic fields.

This point is driven home at each practice. A high expectation of players' attitudes on and off the court is a must in our program.

**Collegiality Amongst Coaches/Programs:** Coaches and student-athletes will work to support all athletic programs, in the form of attendance at events during the off-season, cheering, positive promotion for other sports teams, sharing of athletes from season to season, participation in fund-raising events of other programs etc.
